

OTP Opioid Treatment Program

A whole-person approach

to wellness, health, and self-sufficiency through our commitment to a safe, traditional, and culturally meaningful environment.

MEDICATION ASSISTED TREATMENT

Evidence-based medication assisted therapy (MAT), utilizing the FDA-approved medication, methadone.

TRAUMA-INFORMED COUNSELING

Not all healing will be linear and we have tailored programs designed to meet your unique needs.

BEHAVIORAL THERAPIES

Family support and culturally meaningful groups will be offered to align with your recovery goals.
